RENEWED PETITION TO REVIVE AN ABANDONED PATENT APPLICATION
UNDER 37 C.F.R. 1.137(b)

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

Petitioner hereby renews its petition to the U.S. Patent and Trademark Office to revive the above-identified patent application under Title 37 C.F.R., Section 1.137(b) on the grounds that the abandonment was unintentional and requests reconsideration of the decision to dismiss the original petition.

The original petition to revive was dismissed pursuant to the Decision dated October 3, 2005, with the applicant granted two months from the date thereof for requesting reconsideration. In that petition, the stated reason for denial was the fact that the reply was insufficient. The applicant is herewith submitting its

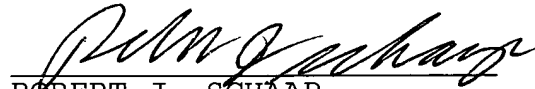

Notice of Appeal, along with the statutory appeal fee therefor. It is therefore believed that the submission of these documents complies with the requirements for the renewed petition, and the applicant therefore requests revival of the application therefor.

The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(b) was unintentional.

Inasmuch as this application was filed on or after June 8, 1995, no terminal disclaimer is required. The entire delay in filing the required reply from the due date of November 12, 2004 and the last extendable day for filing a response on February 12, 2005, until the filing of a grantable petition under 37 C.F.R. 1.137(b) was unintentional.

Dated: Nov. 2, 2005

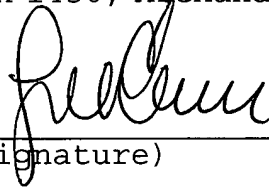

Respectfully submitted,

ROBERT J. SCHAAP
